DR. DIOSDADO M. SAN ANTONIO
Regional Director
Region IV-A CALABARZON

Sir:

Greetings!

Established in 1998, the Philippine Institute of Chemical Engineering - Junior Chapter Batangas (PICHE - JCB) has been fully committed to promoting academic excellence through becoming an avenue of showcasing potentials among youth to better equip them for the growing demands of the society.

To continue enhancing scholastic excellence among youth, the organization has been conducting Chem Collision, a region-wide competition among secondary schools in the CALABARZON area, which aims to emphasize the students' knowledge in Physics, Mathematics, Sciences, and General Chemistry, core subjects in the Chemical Engineering degree program. Also, the organization is conducting an Inter-High School Science Investigatory Project which aims to enhance the students' creativity in coming up with a project design and the students' communication skills as they present their projects in front of a panel. This year, the 16th Chem Collision and 2nd Inter High-School Science Investigatory Project will be on November 12, 2016 at the Batangas State University Amphitheater, CEAPA Building, Alangilan Campus, with the theme, "Celebrating 18 years of Innovation and Tradition Through Academic Excellence and Multi-Disciplinary Competence."

In relation to this, we would like to seek your approval for the public secondary schools in the region to participate in the aforementioned event, particularly, the Grade 9 and Grade 10 students.

We are looking forward to your consent and support.

Thank you very much.

For inquiries, you may contact Hazel Mame, overall head of Chem Collision and Inter-HS SIP Competition, at 0977-308-7351 or email us at hazelmame@piche-jcb.org. You may also like us on facebook at www.facebook.com/ChemCollisionQuizShowSIP.

Sincerely,

KIM HOWELL D. PANGANIBAN

DR. TIRSO A. RONQUILLO
 Batangas State University President

Sir,

Greetings!

As per the Philippine Institute of Chemical Engineers – Junior Chapter Batangas (PICHE-JCB) of the Chemical and Food Engineering Department's 18th year celebration as a university recognized organization, the members remain adamant in the pursuit of excellence and holistic refining of the students of the university and of the region.

In line with this, the organization in cooperation with all the students of the Chemical and Food Engineering Department, is respectfully asking for your approval in facilitating the 11th General Engineering Quiz Show, the 2nd Science Investigatory Project, and the 16th ChEm Collision with the theme "Celebrating 18 years of Innovation and Tradition through Academic Excellence and Multi-Disciplinary Competence" to be held at the Amphitheatre, 4th Door of the College of Engineering, Architecture, and Fine Arts (CEAFA) Building on November 11-12, 2016 from 7:00 a.m. to 6:00 p.m. The participants of the General Engineering Quiz Show are students of the General Engineering Department of Batangas State University, all campuses. Meanwhile, the participants of the ChEm Collision and the Science Investigatory Project are high school students within Region IV-A CALABARZON.

And in commitment to the University and the Chemical and Food Engineering Department's mission, vision, and core values, the organization aims an innovative and successful activity.

We are hoping for your favorable response.

Respectfully Yours,

KIM DOWEL B. PANGANIBAN
 President, PICHE-JCB
