

World Robot Games

November 9-12, 2017

SAFRA Punggol Singapore

MR. DIOSDADO M. SAN ANTONIO

Regional Director

Deped Region 4A CALABARZON

Department of Education
DIVISION OF CAVITE

Dear Mr. San Antonio:

On behalf of **WRG (World Robot Games)**, we would like to sincerely invite all schools from the Philippines to participate in our **WORLD ROBOT GAMES** this year held in Singapore from **10th to the 11th November 2017**. It will be held in **SAFRA Punggol, 9 Sentul Crescent Singapore**.

The World Robot Games promotes great opportunities for technological creativity as participants are not restricted to their usage of parts for the robots. Each of the games are designed to focus on a certain area of robotics & education. In addition, The World Robot Games is the first of its kind to have a family based robot games where families team up and compete with each other, in the effort of encouraging teamwork, bonding and cohesiveness within the family.

We are much honored to have schools from the Philippines at WRG 2017 and look forward to great learning opportunities together.

For participants from the Philippines, our Philippine Chapter Representatives is Data Science and Technology Corporation with local address at 295 Col. Bonny Serrano Avenue, Quezon City 1100 Metro Manila, Philippines or via email at marketing@genetic.edu.ph.

Sincerely,

Conrad Sng
