Warmest greetings Director San Antonio!

The Quickstart Center for Research and Professional Development with its main mission on fostering and supporting a learning atmosphere and culture of excellence that shall empower individuals and institutions through professional competence, research support services, and business development toward sustainable advancements among communities of learners, shall uphold its competitive and scholarly vision through the **Beyond Statistics: National Conference on Qualitative Research Methodologies on Action Researches** on February 22-24, 2018 at Queen Margarett Hotel Lucena City, Quezon.

Themed, "Strengthening Qualitative Research Capabilities of 21<sup>st</sup> Century Educators for Proactive and Student-Centered Initiatives", the conference is aimed at providing a conducive learning environment for 21<sup>st</sup> century educators on the most recent and relevant qualitative research methodologies in order to develop more sustainable student-centered management through qualitative action researches.

In view of this, we would like to respectfully invite you to be one of our Resource Speakers to talk about Trends and Breakthroughs on Action Researches in the context of Education. We firmly believe that you have the valuable expertise on this particular topic and we would love to have you as part of our very first national conference.

Should this merit your approval, we will immediately make arrangements for your accommodations and our conference secretariat shall provide you with the latest conference updates and assistance.

For further concerns, you may reach the undersigned through the contact details stated on this letter's footer.

Thank you so much.

Your partner in nation-building,
