May 21, 2018

To: **Ms. Cherry Lou DJ. De Mesa**
 Schools Division Superintendent
 Cavite Province

Thru: **Youth Formation Coordinators**

Dear **Ms. De Mesa**:

Greetings!

The Red Cross Red Crescent movement believes in the potential of young people in creating lasting impact in promoting human dignity and in the alleviation of human suffering. It seeks to harness their potential as agents of change and future humanitarian leaders towards humanitarian action.

The Philippine Red Cross (PRC) maintains its commitment to the humanitarian principles and the ideals of the movement along with the state's recognition of its role in supporting education and other fields. It is also mandated to make every citizen or resident of the Republic to become members of the Philippine Red Cross as embodied in Republic Act 10072.

We believe in the power of zealous, committed, and qualified volunteers helping their own communities develop and become more resilient. We aim to develop more resilient communities and inspire everyone, of all ages, to be part of a nation of volunteers who are ready to serve and lead whenever and wherever need may be found.

It is in this spirit that the PRC have further nurtured a partnership agreement with the Department of Education to help build resilience in education through the establishment of Red Cross Youth Councils and Red Cross 143 teams in schools and communities. Through this, we aim to inspire meaningful involvement of children and adult volunteers in community development, resilience building and lifesaving through different capability building programs and activities.

We aim to provide holistic programs for the development of young people's full potential. We look forward to having more teachers and students engaged in the development of competencies and the delivery of services related to first aid and basic life support, disaster risk reduction and management, health and welfare, voluntary blood donation, child protection, water and sanitation and hygiene, et al in line with the thrusts of the Department of Education.

Anent this, we seek for your full support in the establishment of Red Cross Youth Councils in all primary and secondary schools in your division consistent with DepEd Memo No. 102 s. 2011. We believe that through this, we will be able to further assist in the formation and holistic development of young people towards nation building and in caring for humanity.
