Dear Dr. San Antonio :

Greetings!

The UPLB Statistical Society (UPLB STATS) is a duly recognized academic organization exclusively for Statistics majors in the University of the Philippines Los Baños. Being significantly different since 1980, the organization has devoted itself to its goals of advancing and promoting proper application of Statistics in all fields of learning endeavors. Though an academic organization, UPLB STATS does not set its limit in developing academic excellence among its members. In recognition of its outstanding efforts and exemplary dedication to the successful conduct of various statistical advocacy activities for the youth, UPLB STATS was recently awarded as the Best Youth Advocate for Statistics in the 28th National Statistics Month.

One of the many statistical advocacy activities conducted by UPLB STATS is **ESTADISTIKA** – an annual invitational statistics quiz, poster making, essay writing, and photo contest participated by high school students. ESTADISTIKA aims to instill the significance of statistics among high school students, to introduce proper application of statistics in various disciplines, to stimulate interest in statistics, and to promote intellectual growth among its participants.

On its 13th year, the event has extended the coverage of participating schools which will now include the entire Luzon. With the theme, "Connecting Points: Understanding the Roles of Economic Statistics in Sustainable Development," ESTADISTIKA 2019 will be held in the University of the Philippines Los Baños on **23 February 2019 (Saturday)** from 8:00 A.M. to 6:00 P.M.
