ChEIn REACTION 2019

With reference to the letter of Mike Joshua Lejano, OIC-President, PIChE-JCB, all SDOs are hereby informed that ChEIn Reaction 2019, a composite of various competitions for secondary students to showcase their capabilities in the Sciences, will be held on November 22 – 23, 2019 at the Batangas State University Amphitheater, CEAFA Building, Alangilan Campus with the theme "21 Years of Redefining Scholastic Excellence through Empowering Knowledge and Pioneering Innovation".

The different competitions are as follows:

- 19th ChEm Collision
- 3rd STEMIQS – STEM Interscholastic Quiz Show
- 2nd ChExpertise
- 5th Inter-High School Science Investigatory Project

PICHE-JCB

PHILIPPINE INSTITUTE OF CHEMICAL ENGINEERS
JUNIOR CHAPTER BATANGAS
BATANGAS STATE UNIVERSITY

October 29, 2019

Dr. WILFREDO E. CABRAL

OIC- Director III, Office of the Regional Director
Department of Education
Region IV-A CALABARZON

Sir:

Greetings!

The **Philippine Institute of Chemical Engineers (PICHE-JCB)** in its 21 years of implementation reiterated its vision of having an innovative education through collaborative efforts, perseverance and steadfastness. With the aim of carving every student's excellence and honing their potentials, the organization remains a successor of excellence and decency.

In skyrocketing students' abilities into full-throttle, PICHE-JCB pilots various competitions with the goal of advancing further competency among students. PICHE-JCB has been launching the **ChEin Reaction 2019** which is comprised of different competitions to recognize students' capabilities academically and improve their competencies in the field of General Chemistry, Mathematics, Physics and Sciences. Specifically, in the **19th ChEm Collision**, a region-wide brawl among secondary schools in the CALABARZON area, gauges students' knowledge in the fundamentals of Chemical Engineering. The organization will also be conducting the **3rd STEMIQS- STEM Interscholastic Quiz Show** which is open for senior high school students who are taking Science, Technology, Engineering and Mathematics (STEM) strand to show their potentials and intellectual abilities thus defending their respective institutions. Non- STEM students still have the opportunity to join and showcase their skills through the **2nd ChExpertise**, a series of skilled competitions to recognize the areas of specialization of the students. Lastly, the organization will also navigate the annual **5th Inter-High School Science Investigatory Project** which chiefly aims to synthesize students' genesis of ideas, inherent theories, and application of principles and their communication proficiency hence for the presentation.

For this year the ChEm Collision, STEMIQS, ChExpertise and Inter-High School Science Investigatory Project will be held on November 22-23, at the Batangas State University Amphitheater, CEAFA Building, Alangilan Campus with the theme **"21 Years of Redefining Scholastic Excellence through Empowering Knowledge and Pioneering Innovation."**

In relation to this, we would like to seek the authority of your respective office to allow public secondary schools across the region to participate in the aforementioned event.

We are looking forward to your support and consent.

Thank you very much.

For inquiries, you may contact Macon Reman, overall head of ChEm Collision, at 0956-552-2724 or email us at pichejcb.cheinreaction2019@gmail.com. You may also like us on Facebook at www.facebook.com/ChemicalCollisionGeQuizShowSIP.

Sincerely,

MIKE JOSHUA D. LEJANO
OIC- President, PICHE-JCB
