Good day!

I- ASSET (International Association of Special Education Teachers) is a group of teachers teaching Special Education in different parts of the United States of America. Our group was founded by volunteer special education teachers who are dedicated to help other teachers in the Philippines with all possible assistance.

We understand the concerns and challenges of special education teachers during this unprecedented time and the impact of coronavirus (COVID-19) in teaching children with special needs. I-ASSET would like to share information and resources that we hope you will find useful during this difficult time.

In line with this, we are offering a free webinar/online training entitled "International Webinar/Online Workshop in Special Education 2020: Strategizing Teaching for Children with Special Needs" sometime in the first or second week of June.

The objectives of this webinar are the following;

- to share information and resources in teaching students with special needs using an online platform,
- to provide all possible information about IEP's;
- to help teachers with practical guidelines and supportive information for classroom use.

Our team believes that children with special needs require unique instruction by specially trained professionals to help them achieve their highest potential.

If you have any questions or concerns regarding this matter please do not hesitate to contact us at iasset.001@gmail.com.

Thank you!
