Office of the Regional Director

February 23, 2021

To: Schools Division Superintendents

Dear Superintendents,

This pertains to the letter from the **Philippine Institute of Chemical Engineers - Junior Chapter Batangas (PIChe-JCB)** informing this Office about the conduct of **ChEin Reaction 2021** on **February 27 to 28** and **March 6 to 7, 2021** via Zoom and Facebook Live.

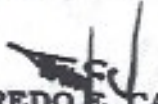

With the theme "*Overcoming Adversities through 22 Years of Harnessed Potentials and Explored Innovation*", the aim of the said event is to improve the competency of secondary students in the field of General Chemistry, Mathematics, Physics, and other Sciences through different competitions and webinars.

Target participants of this activity are junior and senior high school learners. If participation in the above-mentioned activity from your Division is deemed necessary, please be reminded of the following conditions:

- that the Schools Division Office be informed, in writing, of participation to said activity;
- participation/attendance is on a voluntary basis;
- strict observance of the **No Collection Policy**; and
- strict observance of **Time-On-Task** or **No Disruption of Classes Policy** of the Department.

Please be guided accordingly.

Very truly yours,

WILFREDO E. CABRAL *ama*
Regional Director

February 17, 2021

WILFREDO E. CABRAL

Regional Director
Department of Education
Region IV-A CALABARZON

Sir,

Greetings!

The **Philippine Institute of Chemical Engineers- Junior Chapter Batangas (PICHE-JCB)**, in its 22nd commemorative year, continues its vision of having an innovative education through collaborative efforts, perseverance, and steadfastness. With the aim of carving every student's excellence and honing their potentials, the organization remains a successor of excellence and decency.

In this regard, PICHE-JCB pilots various competitions with the goal of advancing further competency among students. PICHE-JCB is currently organizing the **ChEin Reaction 2021** which is comprised of different competitions to recognize students' capabilities academically and improve their competencies in the field of General Chemistry, Mathematics, Physics, and other Sciences. Specifically, in the **6th Inter-High School Science Investigatory Project Competition** which is a research competition for both Junior and Senior High School students, aims to utilize students' capabilities in formulating concepts and research studies as well as to improve their communication skills by defending their project in front of a panel. The organization will also be conducting the **3rd ChExpertise**, a competition for Senior High School students of different academic strands which requires them to present a project proposal. In addition, the organization will launch the **1st ChEnematography Contest**, an innovative video contest for Junior High School students. Lastly, the organization will also hold the **ChEssions 2021**, a webinar aiming to provide knowledge about adapting to online platforms and flexible modes of learning.

The **6th Inter-High School Science Investigatory Project Competition**, **3rd ChExpertise**, **1st ChEnematography Contest**, and **ChEssions 2021** will be held on **February 27- 28** and **March 6-7, 2021** through **Zoom** and **Facebook Live**, with the theme, **"Overcoming Adversities Through 22 Years of Harnessed Potentials and Explored Innovation"**.

In relation to this, we would like to seek the authority of your respective office to allow public secondary schools, both Junior and Senior High School, across the region to participate in the aforementioned event.

We are looking forward for your support and consent.

Thank you very much.

For inquiries, you may contact John Andrew V. Gonzales, Project Head of ChEin Reaction 2021 at 09476209033, or email us at cheinreaction.2021@gmail.com.

Sincerely,

MARGIE A. PITEL
President, PICHE-JCB
